The Company Proxies are obligated to vote in accordance with the instructions given to them. If the power of attorney is granted pursuant to section 135 AktG (granting of power of attorney to intermediaries, proxy advisors, shareholders' associations or persons equivalent to these according to section 135 (8) AktG), it is required to keep verifiable records of the power of attorney. In these cases, shareholders should consult with the person to be authorized as to the formal requirements of such power of attorney.

Authorised representatives (excluding proxy holders nominated by the company) are also not able to take part at the annual general meeting physically. They can exercise the right to vote for shareholders represented by them also only by way of electronic communication by means of postal voting or by issuing a (sub-)proxy and instructions to the proxy holders nominated by the company. The exercising of rights by an authorised representative by way of electronic communication using postal voting via the AGM portal requires that the authorised representative is given the personal login data sent with the voting card by the principal.

If a eligible shareholder authorises more than one person, the company can reject one or more of these.

Exercising the right to vote by (electronic) postal voting

Eligible Shareholders or their authorised representatives can submit their votes by way of electronic communication, without taking part at the annual general meeting (postal voting). Postal votes (as well as changes to them or revocation if nec.) can only be transmitted to the company via the AGM portal, which can be reached via the company website at <https://www.msg-life.com/ueber-uns/investor-relations/>, and must be received by the company via this means at the latest immediately before the start of the votes in the virtual annual general meeting on Wednesday, 22 June 2022.

Eligible Shareholders or their authorised representatives will be sent voting cards for the virtual annual general meeting with their personal login data to use the AGM portal

It is pointed out that other means of transmission for postal voting are not available, in particular postal votes cannot be sent by post.

Further notes:

If divergent declarations are received via different transmission channels and it is not possible to determine which was submitted last, these declarations will be considered in the following order: (1) via AGM portal, (2) via e-mail, (3) in paper form. If postal votes (only via the AGM portal) and authorization with instructions to the Company Proxies are received postal votes will always be given priority.

In case the Company has received motions and election proposals proposed by shareholders that have to be made available, such motions and proposals are available at the Internet address <https://www.msg-life.com/ueber-uns/investor-relations/> according to applicable law. You may also give instructions to the Company Proxies or vote by electronically postal voting in consideration of such received counter motions and election proposals made by shareholders. A counter-motion which is aimed solely at the rejection of a proposed resolution may be supported by vote against the management's proposal.

Even if you vote by electronically communication (postal vote) or authorize and instruct the Company-nominated proxies, your are still entitled to participate in the virtual Annual General Meeting live by sound and vision transmission via the AGM portal.

You also have the opportunity to ask questions by means of electronic communication. Any questions must be submitted by 20 June 2022, 24:00 hours (CEST), at the latest, via the AGM portal accessible at the website <https://www.msg-life.com/ueber-uns/investor-relations/>. It is not possible to submit questions by any other means of transmission.

Please also take account of the information in the Notice of the Shareholders' Meeting.

The Eligible Shareholders or their authorised representatives can follow the entire annual general meeting by video and sound transmission via the AGM portal accessible on the Internet. The sound and vision transmission of the virtual annual general meeting and the availability of the AGM portal may be subject to fluctuations by current technological standards due to limitations of the availability of the telecommunications network and the limitation of Internet services from third-party providers, over which the company has no influence. The company is therefore unable to give any guarantee or assume liability for the functionality and constant availability of the Internet services used, of the third-party network elements used, of the sound and vision transmission as well as the access to the AGM portal and its general availability. The company also takes no responsibility for errors and defects in the hardware and software used for the AGM portal including those of the service providers used, unless there is deliberate intent. For this reason, the company recommends making early use of the above-mentioned options to exercise rights, in particular to exercise the right to vote. If data protection or security considerations make it absolutely essential, the chair of the meeting must reserve the right to interrupt the virtual annual general meeting or to discontinue it completely.

If you have any questions about the virtual annual general meeting and about using the AGM portal, our annual general meeting hotline staff are at your disposal Monday to Friday – excluding public holidays – from 9:00 a.m. to 5:00 p.m.(CEST) on +49 89 21027-220.
